

Hair and Beauty Curriculum Overview

VISION STATEMENT: Live life in all it's fullness

INTENT:

The Hair and Beauty curriculum intends to equip students with the technical and vocational skills that they need to work in the Hair/Beauty industry. The aim of our curriculum is to enthuse learners in this industry and enable them to begin on a career pathway that they are passionate about and can be successful in.

Students will not only develop their ability to offer services and treatments to clients but also learn the Science behind procedures and products and also how to manage/own such a business within this sector. The curriculum is enriched with hands on experience in the industry and local community. The Hair and Beauty curriculum also develops students' literacy skills and their ability to conduct independent research for coursework assignments. Therefore the Hair and Beauty curriculum also prepares learners for further study of higher level qualifications, apprenticeships and key skills for employment.
