LO5 Assessment

Running alongside Unit 1 – Unit 5 Marketing and its Customers Coursework

Task 1 – The role of the Marketing function

This focuses on looking at the role of marketing and what it is responsible for. Students are required to present a PowerPoint to the scenario business outlining the following assessment criteria:

- P1 The role of the marketing function
- P2 Market Analysis
- P3 How businesses measure the impact of marketing.
- P4 Constraints on marketing

Task 2 – This is a proposal outlining the market research methods that will be used within task 3. Students need to show knowledge of primary and secondary research and the sampling methods they are choosing to adopt.

Task 3 – P6 and P8 tasks have been combined as it is a more efficient method to both conduct the research (P6) and analyse the findings (P8) together on the same task. 4.3 How to use information to inform prioritisation 4.4 How to assign priorities and identify appropriate actions to complete tasks in accordance with their priority 4.5 Need to change priorities when necessary LO5- Understand how to communicate effectively with stakeholders 5.1 Characteristics which inform the design of business communication 5.2 How the characteristics of business communications design impact on the use of resources 5.3 how and when to use different types of communication 5.4 How to review business communications to make sure they are fit for purpose

End of Cycle Assessment: LO4 and LO5, complete with a full mock paper in preparation for the January examination.

Unit 4 coursework – to be completed alongside the unit 2 exam content ready for moderation by external moderator in April.

Students again pick up on the Unit 4 coursework that they were completing at the end of year 12
