LAW CURRICULUM OVERVIEW

VISION STATEMENT: Live life in all its fullness

INTENT:

It is our intent for students to have knowledge of the key areas of English Law: dispute solving in civil law; investigating aspects of criminal law and the legal system and applying the law. Students will develop the academic skills of application, analysis, evaluation and research. Students will practice employability skills including: cognitive and problem solving skills; intrapersonal skills. Students will have the skills to progress to higher education and ultimately to employment, possibly in the legal sector but also linking to other Social Sciences such as Sociology and Criminology in particular.

The course will be taught using a wide range of case studies and legal texts and students will discover the rich history of our legal system which underpins British Values. Developing literacy therefore sits at the heart of this curriculum, alongside preparing learners with the skills and knowledge they need for a range of future pathways. The course will inspire students to use the law to prevent injustice, inequality and discrimination and make a positive contribution within society.
