

## Literacy Policy

“Literacy is a bridge from misery to hope. It is a tool for daily life in modern society... Literacy is, finally, the road to human progress and the means through which every man, woman and child can realize his or her full potential.” Kofi Anan

### Rationale

At All Saints' Academy, we accept the fundamental principle that **literacy** is the key to improving learning and raising standards throughout the curriculum; **literacy** enables students to gain access to the curriculum, read for information and pleasure, and to communicate effectively. Poor levels of **literacy** impact negatively on what students can do and how they see themselves. At All Saints' Academy, all teachers share responsibility for the teaching of **literacy** and all teachers see themselves as teachers of literacy.

### Literate secondary students should:

- read** and **write** with confidence, fluency and understanding
- use their skills in **speaking and listening** to explore, articulate and extend their understanding of texts
- be able to orchestrate a full range of **reading** cues (phonics, graphic, syntactic, contextual) to monitor their reading and correct their own mistakes
- understand the sound and spelling system and use this to **read** and **spell** accurately
- have an interest in words, their usage and meanings and an **extensive vocabulary** used appropriately for different purposes
- understand the conventions of different text types and be able to use these conventions confidently as **readers** and **writers**
- plan, draft, revise and edit their own **writing** from notes to a finished form; be able to use a variety of means including ICT to produce texts for different audiences
- have an **extended technical vocabulary** – including **subject specific vocabulary** – with which to discuss and evaluate their **reading** and **writing**
- read** and **write** with enjoyment and discrimination
- through **reading** and **writing** develop their powers of imagination, critical awareness and thinking
- be able to **research** independently and make notes from a variety of sources, including the Internet, libraries, and other sources
- use appropriate **reading strategies** to extract particular information, e.g. highlighting, scanning
- use **talk** to question, hypothesize, speculate, evaluate, solve problems and develop thinking about complex issues and ideas
- be able to **write** cohesively in an increasingly sophisticated style, using varied punctuation, sentence structures, paragraphs and technical devices
- adapt **writing** to suit audience, purpose and form

### Policy Aims

## Reading

### Lesson Activities/Strategies:

- Across the whole curriculum teachers will provide activities for students to:
  - read and follow written instructions.
  - read to explore and to develop understanding.
  - learn how to sift, select and take notes from the text.
  - learn how to access their textbook, including format and index.
  - learn how to select from written material, reformulate, question and challenge what they read in textbooks, encyclopaedias, and newspapers or from ICT sources.
- Teachers will provide reading material of high quality, which is up to date, relevant and balanced in its presentation of ethnicity, culture and gender and appropriate for age and ability of the students.
- Opportunities should be created for teachers to refer to students' use of reading in assessments and reports for all curriculum areas.
- Teachers will ensure that students can access exam questions in their subject area by correctly 'reading' and understanding command words.
- Teachers will encourage reading in and out of school using Curriculum Organisers where appropriate.
- Teachers will plan for and run DEAR sessions in one week every half term. Texts should be linked to the topic and give students the opportunity to think deeply, or differently about their subjects and discuss them.

### Teacher/ Student Expectations:

- All students should be encouraged to read aloud in lessons in all subject areas.
- Where students make errors during reading, they should be identified and corrected.
- Teachers should read with students during reading time: collaborative reading, modelled independent reading or 1-1/small group reading.

## **Whole School Strategies for supporting Literacy**

### **Key Words**

All teaching areas should have general subject specific words identified and displayed that are important to overall understanding of the subject, regardless of topic.

Tier 2 and 3 vocabulary is identified for each topic studied and identified on SOW and with students during lessons. These words are also shared with LS to help pre-teaching for SEND students.

Up to ten key words from each module should be shared with students at the start of each cycle through the curriculum organiser and should be referred to regularly throughout the cycle.

### **We're all Reading**

Teachers to visually share what they are currently reading and what they enjoy reading. Photos of staff reading should be seen around the Academy. Staff are encouraged to engage with students about what they are reading.

### **Time for Reading**

All KS3 students will have one lesson every fortnight where they are reading independently using the Accelerated Reader Programme. The programme gives students the optimal reading level in order to improve. Awards and reading landmarks are rewarded and shared through assemblies.

One day per week students will read have a class reader that they are working through in tutor groups.

DEAR (Drop Everything and Read) will take place once a half term. There will be one week where students in all lessons spend time reading texts linked to their subject and discussing them.

### **Reading Recovery**

Alongside the AR programme that all KS3 students will be a part of, those students needing an extra boost in their reading skills, will take part in a phonics-based recovery programme to close any gaps between reading age and chronological age.

Key students in year 7 and 8 (who are less than 18 months behind their chronological age) will also take part in the buddy reading programme during tutor time twice a week. During reading lessons, from term 2 these students will also be supported by Sixth Form Reading buddies in some of their timetabled reading lessons.

### **EAL Provision**

EAL students struggling with literacy will be supported by a trained EAL teacher who will share strategies for increasing skills in written and spoken English. EAL students (regardless of age) will also have access to the Lexia programme.

### **Inter-house Literacy Competitions**

Over the course of the year, there will be a reading, writing and speaking and listening tasks that will earn students points for their houses. These will include a Spelling Bee style competition and a Poetry Competition.

### **Extra-curricular**

Students are encouraged to take part in extra-curricular literacy activities to enhance their skills in all of the literacy areas. These include reading- Reading Teachers = Reading Pupils, Cheltenham Literature Festival activities, writing- Roald Dahl story competition and speaking and listening- BBC school report, Debating Club.
